

Ash's Lazy Day

11 Today was a hot day here in Africa. I spent the
21 day lying fast asleep on the soft sand. I could
32 feel the sun on my fur and thick, wavy mane. I
41 could hear the cubs playing on the rocks. They
49 were pouncing on the chirping insects and trying
60 to catch them all. In the afternoon, I went to the
71 watering hole for a drink of cool water. I kept an
80 eye out for dangerous snakes hiding in the green,
89 wavy grass. Afterwards, I went back to the shade
99 for another rest. I was just drifting off when I
104 heard a strange hissing sound...
